

School Program Overview – CareersNmore

About the School Programs

CareersNmore School Programs are structured career guidance initiatives designed for students from Classes 8 to 12. These programs help students gain early awareness about career options, make informed academic decisions, and build confidence about their future paths.

Purpose of the Program

The objective of the School Program is to introduce students to career thinking at the right stage, reduce confusion during stream and subject selection, and support schools in offering meaningful career guidance beyond academics.

Key Focus Areas

- Career awareness and exploration
- Stream and subject selection guidance
- Understanding interests, skills, and strengths
- Exposure to emerging careers and future skills
- Building confidence and decision-making ability

Who the Program Is For

- Students from Classes 8–10 exploring academic streams
- Students from Classes 11–12 planning higher education and careers
- CBSE, ICSE, and State Board schools seeking structured career guidance

Program Delivery

School Programs are delivered through interactive sessions conducted on-campus or virtually. Formats include one-day workshops, grade-wise sessions, or multi-session engagements, planned in coordination with school management.

Expected Outcomes

Students gain improved career clarity, reduced anxiety around choices, better awareness of career possibilities, and confidence to make informed decisions at critical academic stages.
